

MINOR HOME REPAIR GRANTS

Helping Austinites make their homes safe

Austinites whose homes present health or safety hazards may need financial assistance. This program helps eligible homeowners to make critical and necessary repairs.

A MINOR HOME REPAIR GRANT IS UP TO \$5,000 PER HOME

The grant is to help fix dangerous conditions, such as leaking gas pipes, faulty electric, decaying roofs, and collapsing floors. Austin nonprofits administer the grants and repairs. Upon completion, City staff will verify the repairs. Eligible homeowners do not need to pay for any of the grant-approved repairs.

Examples of critical and necessary repairs

Cracking foundation

Leaking gas pipes

Open spliced electrical wiring
